Gaining A New Popularity

Many non-Middle East venues across America are hiring belly dancers to attract new customers and maintain existing clientele by providing them with entertainment that is different than what they can get elsewhere.

American pop culture icons like **Shakira and Britney Spears** are *belly dancing* thus focusing this style of entertainment into mainstream America's consciousness. Belly dancing is, and has always been, considered an exotic, cultural, and delightful **art form**.

Here in the United States many Americans are now interested in seeing a real belly dancer live and in person in order to experience parts of a culture they might not normally be exposed to.

PROFESSIONALISM IN ACTION

When you utilize us, you are hiring several beautiful, talented, and professional dancers. We're always exquisitely costumed and conduct ourselves in a friendly and professional manner.

Each member of our troupe is a professionally trained dancer who has dedicated long periods of time to develop the skills and authenticity that is necessary to entertain your guests.

We have performed in several restaurants, prestigious nightclubs, parties, weddings, receptions, birthdays, and family functions.

We dance and look the part of authentic belly dancers. We wear beautiful costumes that are imported from Egypt and Turkey and take great care to maintain the image of glamorous belly dancers. We are trained in a wide variety of styles of dance from the Middle East, Persia, Greece, Turkey, India, and other countries.

BENEFIT YOUR EVENT

The clear benefit for your business is that you have hired **"The Best"**! When you hire us, Sadiia handles the scheduling of the dancers for you. Sadiia and her dancers also promote your venue/business in their studio, at events in and around the Memphis area, and via her website. We always encourage people come to see us where we dance.

We realize that our business success depends on your business success. We look forward to working with you.
